

## SUPPLY CHECK LIST FOR CHICKS:

1. **TRANSPORTING THEM HOME** - the best place for a box of chicks is in the back seat of the car, van or truck, **NOT** in the trunk or box of truck.
2. **BROODER GUARD OR CONTAINER** – replaces the function of a broody mother hen—to keep chicks warm, safe & contained during the first few weeks of their lives.
3. **BEDDING** – good quality wheat straw or softwood shavings.
4. **HEAT LAMP & THERMOMETER** - the brooder should be capable of maintaining a temperature of 95°F (35°C) at floor level, the furthest point from the heat source. Do **NOT** use white heat bulbs, only **RED** bulbs!
5. **FEEDER & CHICK STARTER** – be sure the feeder is low enough. Depending on your flock, you will need certain feed – talk to the staff at Fehrway Feeds, they will help you get the right feed.
6. **WATERER FOR BABY CHICKS** – waterer must be in easy reach for the chicks and not too large in size, as they could drown.
7. **BE SURE YOU HAVE EVERYTHING ASSEMBLED & READY BEFORE GETTING YOUR CHICKS HOME!**
8. **ALL SUPPLIES & FEED AVAILABLE AT YOUR DEALER: FEHRWAY FEEDS**
