TO PLACE YOUR ORDER!

CHECK LIST FOR CHICKS:

- TRANSPORTING THEM HOME - the best place for a box of chicks is in the back seat of your vehicle, **NOT** in the trunk or box of truck.
- BROODER GUARD OR CONTAINER - replaces the function of a broody mother hen—to keep chicks warm, safe & contained during the first few weeks of their lives.
- BEDDING - good quality wheat straw or softwood shavings.
- HEAT LAMP & THERMOMETER - the brooder should be capable of maintaining a temperature of 95°F (35°C) at floor level, the furthest point from the heat source. Do **NOT** use white heat bulbs, only RED bulbs!
- FEEDER & CHICK STARTER - be sure the feeder is low enough. Depending on your flock, you will need certain feed - talk to the staff at Fehrway Feeds, they will help you get the right feed.
- WATERER FOR BABY CHICKS - waterer must be in easy reach for the chicks and not too large in size, as they could drown.

BE SURE YOU HAVE EVERYTHING
ASSEMBLED & READY BEFORE GETTING
YOUR CHICKS HOME!
